Our Invitation

The 1952 Iowa Royal

We most cordially invite everyone interested in good livestock to attend the Iowa Royal of 1952.

We believe we have the greatest group of selected bulls ever sold at one time through an Iowa sale ring.

Their bloodlines are the most popular of the day and they are the kind that will breed deep bodies and natural thickness on their calves which is far cheaper than to feed it on.

The females represent the choicest bloodlines and most approved type ever offered at the Iowa Royal. They are and will be great beef cows that will surely contribute their half to the inheritance of superior beef calves.

We are proud of this offering because we are sure this is one of the finest offerings of bulls and females both in numbers and quality ever presented at Iowa's Greatest Sale, The Iowa Royal. We know the breeders have consigned their finest productions.

Study the catalog and you will agree the records prove our contention.

We welcome all breeders, ranchers and farmers from Iowa and many other states who have been attending the Iowa Royal in greater numbers each succeeding year.

Plan to attend. We would like to show our hospitality and give you every service we possibly can.

LEADER'S ARCHER—Is a half brother to the 1951 International Grand Champion bull, Edwin Leader, that sold for \$10,000.00 he being by the same sire and out of a good Rosewood cow by the noted Browndale Douglas. He looks very much like the champion except he is a darker roan. He has the same wide, deep body, straight lines, and short sturdy legs. He weighed 1785 pounds the day he was 2 years old. We have four calves by him and will probably have 3 more by sale day that are included in this sale that are thick short coupled and short legged with good heads, and indicate that he is going to make a real breeding bull. Here is a chance to buy a young tried sire of real championship breeding that is being sold only because for reasons of health I am forced to sell my entire herd.

ROYAL LEADER 50th—A very good headed, rugged, thick, deep and heavy boned bull that will be nearly 2 years old, in ideal breeding condition and ready for immediate heavy service. It would be difficult for students of genetics to write a better pedigree than this one. His sire, Edellyn Royal Leader 76th is a three-quarter brother to Edellyn Royal Leader, being out of the same cow who is one of the great cows of the breed. He is proving a very successful sire, as he should. His dam, Edellyn Doris 2d, was the top selling female in one of Edellyn Farms best sales, and is sired by the famous Imp. Calrossie Mercury, and out of the noted show cow, Roble Doris. This bull should certainly make a great sire and go into a good herd.

GOLDFINDER'S FAVORITE is a rugged low set modern type beef bull that comes from a good bull producing family, his dam being one of our better cows. Goldfinder's Royal has sired many champions and top selling cattle including the 1947 International Congress Champion bull that sold for \$4300.00. This bull should make a great stock bull. This bull placed well in class and groups at the 1951 National and International Shows. He was third prize junior yearling at the 1952 National Western Show and is improving every day. This powerful bull is definitely a sale attraction and without question should go into a top herd.

VIKING 3d—This son of Wheatland Viking has been the favorite of many in the past year. We had intended to show this bull the following year as a 2-year-old but list him as a sale attraction. His sire, Wheatland Viking, sired the 1951 Pacific International Champion bull and the reserve champion at the Iowa and Texas state fairs, and the Cow Palace, and sold for \$2850.00 in the International Congress sale, then being sold, himself, to a Texas breeder for \$6,000.00. Viking 3d was first prize junior calf 1951 Fort Worth, Houston, San Antonio shows. Second prize group 1951 National and International, and second prize junior yearling 1952 Denver Show. We feel that anyone in the market for a top bull can travel a long ways to look at this one and not be disappointed.

MILLVALE RENOWN—Is the kind of bull that everyone should inspect very closely on sale day. He has a wonderful head, is very thick, deep and is about as smoothly and nicely fleshed as you could desire in a beef animal. His breeding is all that could be desired in a herd bull. His sire, P F Commodore, by Imp. Iceni Commodore, and out of a Canadian dam, was an Iowa Royal sale top. His Mayflower dam was a Missouri State Sale top and is by Achtoi's Field Marshall, one of the shortest legged bulls ever seen at an International Congress Sale. This bull will be among the best in the sale.

GOLDEN PRINCE—Is a typical son of Imp. Cruggleton Proud Prince who has sired many winners for us, and the 1951 Interstate record sale top. He has a lot of breed type and character. The Reserve Champion female at the Sioux Empire and Clay County Fairs in 1950 was out of his granddam. The Reserve Champion Shorthorn Steer and member of champion steer group at the 1950 Western Stock Show at Denver was out of his great granddam. This bull certainly has every right to breed on.

KADEL SUPREME LEADER 20th—Is sired by M F Supreme 5th, the American Royal Reserve Champion bull by the noted Imp. Calrossie Supreme. Here is a bull that has not been pushed. His dam, a half sister to the 1946 International Congress Champion bull, is a 1400 pound cow that is always fat. If you want to raise beef, this bull will help you. A combination of the most popular blood lines today, Imp. Calrossie Supreme and Royal Leader.

HICKORIES FORTRESS—Is definitely herd bull material. He is a very low down, squatty type of bull with a lot of bone and substance. Very good quarters and could very easily be one of the best bulls to sell this spring. He cost a good sum of money when purchased at 6 months of age and is rapidly proving he is worth the price and more. Had it not been necessary to dispose of the small Taylor herd of cows this bull would not be offered for sale. His breeding is good enough for any herd as his sire Imp. Millhills Faddist is one of the good imported bulls to be brought to this country.

PRIAM FOOTPRINT is a good red calf with lots of bone, very deep bodied, good head and heavy quarters by the very short legged sire, Imp. Lawton Priam who sired the first prize senior heifer calf, second prize summer yearling bull, third prize 2 females and pair of yearlings at the 1951 International. Two sons and a daughter sold for \$2200.00, \$1100.00 and \$1000.00, respectively, in the Congress sale. His dam is a very good daughter of Brae Lodge Headlight. This calf should be in equal demand.

SNOWBALL MANDARIN—A very good headed, short coupled, deep, thick, low set calf that will appeal to many. He is one of the first calves by Gloster's Master Piece who individually is one of the really good bulls in the State of Iowa and is bound to be heard more of. He is out of a very good Missie cow of Edellyn Command and Browndale Douglas breeding. No sale is complete without a good white animal and this one can well take the part.

W L MAX MAJOR 13th—This is one of the better sons of Killearn Major who has sired a grand champion bull at Iowa, Illinois, and Missouri State Fairs, the 1951 National Blue Grass Futurity Reserve Champion, and International first prize winner, and a \$4,000.00 bull at the 1951 International Congress sale selling to the University of Wyoming. His dam is one of our best females by Imp. Marellbar Impression which should make him a sure thing for a good breeding bull. This calf has been shown at some of the fall shows and stood well up in class wherever shown. We think he will be one of the best bulls offered.

MASTER'S PRINCESS—Here is a beautiful dark roan, deep bodied, thick cow by the good sire Prairie Way Master that bred so well in the Stramer herd in North Dakota. She is of the Victoria family from which this herd was founded over thirty years ago. She has been an exceptionally regular breeder as she has two good daughters in this sale and I have sold two very good bulls at a good price out of her. She sells with an outstanding Sept. 12 roan bull calf at foot that looks like the making of a real one by Leader's Archer, the good, deep bodied half brother to the \$10,000.00 1951 International Grand Champion bull. She was re-bred October 17th to the same sire. An opportunity to obtain a real producing cow and the produce of the most popular breeding of today. A real three-in-one deal. I regret deeply that I must part with a producing plant such as this.

VILLAGE ROSE 21st—This daughter of Wheatland Viking is one that should be kept in our herd. She sells with a long breeding date being bred on Sept. 15 to N-Bar-Prince, the 1950 Pacific International and International Champion bull whose first calves are the kind that anyone will like and will be shown at the late shows in 1952. Wheatland Viking sired the 1951 Pacific International Champion bull, Texas and Iowa State Fairs and Cow Palace reserve champion and two bulls in second prize group at National and International Shows. He recently sold for \$6,000.00 to a Texas breeder and his son sold for \$2850.00 in the recent Congress sale. A daughter of his mated to the International Champion bull should be a good investment for anyone.

GYPSY BRIDE 21st—Is a deep red, smooth heifer by Imp. Naemoor Monitor, the good son of Cruggleton Prince Bob. Her dam is Imp. Gipsy Bride 19th who is nearly a straight Marshall bred cow. This heifer's pedigree is nearly the same as an imported pedigree which breeding has been in very great demand. To make this heifer especially valuable is the fact that she was bred on December 28th to one of the shortest legged, thickest bulls of the breed, Imp. Lawton Priam whose dam was a Perth champion and who sired a first prize heifer and second prize bull at the 1951 International, and a \$2,200.00 bull in the Congress Sale. This heifer could produce a prize winner.
